The suggestive parameters, developed by a group of experts and academicians, are now placed in the public domain for their feedback till 25th February, 2025 at email id: <u>journal@ugc.gov.in</u>.</p> <p>The stakeholders, including HEIs, faculty members, researchers, and students, may take note of it.</p> <div style="text-align: right; margin-top: 20px;">  (मनिष जोशी) </div>		

The UGC has discontinue UGC-CARE Listing of Journals and recommended some ‘Suggestive Parameters’ for Selection of Peer-Reviewed Journals regarding Publication of Academic Matters (Research Articles). The NEP2020 has recommended ‘Multidisciplinarity in Academia’.

In this context we would request to all concerns to note the following characteristics of the **IISRR - International Journal of Research (IISRR-IJR)** –

- 1) The IISRR-IJR is a **Multidisciplinary** International Research Journal since its inception, i.e., 2015; while NEP 2020 has suggested Multidisciplinarity in Academia on 2020.
- 2) The IISRR-IJR is a **Peer-Reviewed**, ISSN numbered Online and Print Research Journal, which has been following the maximum ‘Suggestive Parameters’, which are recommended in the abovementioned **UGC Notification**.
